SYSTEM X GLASS

APPLICATION

- If scratched or pitted, polish glass with a cerium oxide slurry.
- Wash and completely dry glass to be coated.
- Clean the glass using 100% IPA, a strong solvent, or an industrial glass cleaner.
- Squeeze the lower pocket until it pops into the larger pocket, then mix part 1 and part 2 for two minutes.
- Wipe onto glass and buff until no residue remains.

PRODUCT OVERVIEW

System X Glass protects your windshields, windcreens, windows, mirrors, headlamps, and glass surfaces for a full 2 years!

This amazing coating protects from micro scratches while multiplying the surface's hydrophobic properties. System X Glass dramatically increases visibility in the rain and makes de-icing in the winter and cleaning insect matter in the summer a breeze.

System X Glass is truly a breakthrough in glass protection technology. System X Glass reduces glare and reduces stone chips with a single application.

EFFECTIVENESS: 2 years depending on environmental factors
DURABILITY: Very Good
BURST PACK SIZE: 60 mL
DRY TIME: 20 minutes
APPEARANCE: Invisible
FINISH: Superhydrophobic
SHELF TIME: 1-2 years from shipment date when unopened and stored dry at 18°C (64°F) to 23°C (73°F)
